# Black Consumers And Shopping At Mass Merchandisers - US - 2024

## This report looks at the following areas:

- Black consumers' online and in-store shopping habits at top mass merchandisers and warehouse stores
- Items purchased at mass merchandisers and Black consumers' relationship with private label brands
- Reasons why Black consumers shop at mass merchandisers and shopping occasions
- Black consumers' perceptions of top mass merchandisers
- Desired improvements for mass merchandisers
- Innovative marketing strategies and partnership opportunities to target Black consumers

Mass merchandisers are essential to Black consumers. Their needs align with the general population, but retailers have an opportunity to engage them based on niche interests.

## Overview

Black consumers have diverse shopping habits, including mass merchandisers, both online and in-store. They gravitate towards these retailers for essentials and often shop for private label brands, appreciating the balance of quality and affordability. Convenience, value and variety are key factors driving their patronage, with shopping occasions primarily focusing on routine purchases with some special occasion shopping supplementing routines.

Overall, Black consumers perceive top mass merchandisers positively, yet also desire improvements such as enhanced diversity in product offerings and improved in-store
