FRUIT AND VEGETABLES – IRELAND – 2023

The cost of living and a desire to be more sustainable and healthy will help to drive sales in the Irish fruit and vegetable sector moving forward.

Brian O'Connor, Category Director - Irish Reports

Fruit And Vegetables - Ireland - 2023

This report looks at the following areas:

- A five-year outlook for the fruit and vegetables market in NI, RoI and IoI as a whole
- The impact of the cost-of-living crisis how it is shaping Irish usage of fruit and vegetables
- Channels used to buy fruit and vegetables and what influences where consumers buy their produce

• The impact that sustainability is having on consumers usage of fruit and vegetables – and how it is guiding packaging usage within the sector

The cost of living and a desire to be more sustainable and healthy will help to drive sales in the Irish fruit and vegetable sector moving forward.

Overview

The cost-of-living crisis is seeing consumers evaluate their spending and worry more about wasting both money and food - putting food waste in the centre of the fruit and vegetables sector.

Key issues covered in this Report

Overview

EXECUTIVE SUMMARY

Opportunities for the fruit and vegetables sector

- Opportunity for compostable and reusable packaging
- Irish sourcing a key selling point
- Upcycling food to save the planet and wallets

Market dynamics and outlook

- The five year outlook for fruit and vegetables
- Cost of living crisis sees value increase 4% between 2022-23
- Vegetables see 4% growth 2022-23
 - Graph 1: total vegetable retail sales, NI and Rol, 2018-23
- Fruit sales value increased 2.9% between 2022-23
 - Graph 2: total fruit retail sales, NI and Rol, 2018-23
- Potato sales value increases in Rol, falls in NI
 - Graph 3: total potato retail sales, NI and Rol, 2018-23
- Steady growth estimated for sector for 2023-28
 - Graph 4: total estimated retail sales for vegetables, fruit and potatoes, IoI, NI and RoI, 2023-28
- Looking ahead
- Consumer prices for produce increasing
 - Graph 5: consumer price index for fruit and vegetables, 2019-23
 - Graph 6: consumer price index for fruit and vegetables, 2019-23
- Price increases could see downtrading or a move to own label
- Plant-based diet trend will help sustain market

- Graph 7: consumers who have limited/reduced the amount of red meat or poultry they eat in the last six months, NI and RoI, 2022

- Environmental concerns helping to drive plant-based diet experimentation
- Food waste a key issue
- Support for less packaging for produce

What consumers want and why

• Fresh fruit with the highest levels of consumption

- Graph 8: type of fruit that consumers buy in a typical week, NI and RoI, 2023

- Fresh vegetables show strong usage
 - Graph 9: types of vegetables (excluding potatoes) consumers purchased in a typical week, NI and Rol, 2023
- Diet and health helping to drive usage
- Consumers in NI and RoI like their potatoes fresh
 - Graph 10: types of potato bought in a typical week in NI and Rol, 2023
- Supermarkets and discounters key outlets
- Mature consumers opt for supermarkets
- Mature consumers may pay more for Irish sourced products

- Graph 11: agreement that supermarkets should provide more NI/RoI-sourced fruit and vegetables, by age, NI and RoI, 2023

- Consumers trying to eat more produce, but wasting too much
- Spoilage a key concern

Innovation and marketing

- Lower launch activity
 - Graph 12: new product launches in the fruit and vegetables category, 2018-23
- Sustainability key trend in fruit & veg packaging
- New ideas from overseas

MARKET DYNAMICS

Market size

- Inflation and in-home cooking sees value increase 4% between 2022-23
 - Graph 13: total fruit and vegetable retail sales, NI and RoI, 2018-23
- Produce value sales increase with inflation and cost-of-living crisis
- Vegetables see 4% growth 2022-23
 - Graph 14: total vegetable retail sales, NI and Rol, 2018-23
- Fruit sales value increased 2.9% between 2022-23
 - Graph 15: total fruit retail sales, NI and Rol, 2018-23
- Potato sales value increases in Rol but falls in NI
 - Graph 16: total potato retail sales, NI and Rol, 2018-23
